

WE NEED

**SAFE, SECURE
HOMES FOR ALL**

**HOMES
FOR
ALL**

Saturday

8Dec

11am-5pm at Hamilton House, Mabledon Place, London WC1H 9BD

- **Fire safe cladding and doors – tower block safety – resident ballots before any major works or demolition**
- **All renters need safe homes – proper insulation – end deregulation – demand funding promised for safety action**

Unless homes are made safe, 'stay put' means more deaths. Grenfell exposed the risks:

- Flammable cladding
- Failing fire doors
- Faulty construction and poor maintenance
- Deregulation and privatisation
- Demolition threats
- Funding cuts
- Landlords that don't care and won't listen.

After Grenfell the Prime Minister promised replacement of all unfit cladding, with Government funding if needed. It still hasn't happened.

Schools, hospitals and student blocks, building workers and neighbourhoods are also threatened.

We are joining up tenant and safety campaigns, trade unions and all who need a home to demand:

SAFE, SECURE HOMES FOR ALL

SATURDAY 8th DECEMBER 2018 11am-5pm
Hamilton House, Mabledon Place, London WC1H 9BD

Get in touch for details, to book a place and organise a delegation
