

Homes for All organising meeting 2.05.20 (online)

Our survey on how Covid crisis is affecting supporters, is going out (slowly) – email if you haven't had it; fine to forward it on to others.

Agreed to add to our demands during Covid crisis, that we:

demand landlords: Stop demolition of fit homes, and re-let empty homes

Also we should encourage all councils to contact owners of empty homes, to use them for priority homeless etc.

'Pretty Vacant' report <https://www.actiononemptyhomes.org/pretty-vacant> says 125,000 homes empty or 'under-used' in London. Action on Empty Homes campaign has funding for 6 borough campaigns over next 2 years.

Add Homes for All as signatory to HARA letter to housing association executives, and also sign Just Space letter on planning decisions during crisis.

All to promote our online public meeting 9 May 7pm – see Facebook event. Translate the invite if possible; also add speaker on how crisis hitting black, Asian, and minority ethnic people.
